Led by Kirren and Jannat, and delighting in their homemade goodies, all Reuben members are warmly invited to learn more about Ramadan and, as the sun sets, break the daily fast with a selection of delicious food. The fasting period during Ramadan, observed by many Muslims all over the world, is one of the Five Pillars of Islam. The evening meal that breaks the fast, which we will be sharing together, is referred to as Iftar and on the 25th we hope will feature (courtesy of lovely Kirren) lamb biryani (halal), pakoras (vegan), mango lassi (vegetarian), chaat (vegan/vegetarian), a veg curry (vegan) and much more. Please contact Kirren if you'd like to contribute!

We will have a relaxed morning, featuring a welcome from Lionel, Q&A, and general brainstorming with Caroline about how the college can better support part-time and remote students.

Saturday 30th April

Brunch with Smoothie Making - 10:00, Reuben Common Room

Reuben's first TT brunch will be held at the Graduate Common Room, Linacre College. Come along for smoothies (by popular demand we have invested in a blender) and pastries. GCR Meeting - 12:00, Reuben Common Room

The Brunch will be followed at noon by a GCR meeting at noon, during which Lionel will outline GCR building plans.

May Day

In Oxford, 1st May is a celebration of the start of spring. This is followed by a morning of Morris Dancers, folk music, and general celebrations throughout the city. Remember to bring your flower crowns!

Week 10

Saturday 2nd July

Insights Festival - 15:00-18:00, Venue TBC

Finish the year in style with Reuben's own *Festival*. This will be an off-site event drawing together the academic year, at which all Reuben students, leaving or continuing, showcase their studies/teaching/volunteering or other Oxford experience. Family friends and supporters will be welcome to share in your success (and failures). You can draw, dance or talk about what has inspired you 2021-22, fuelled by Pimms and ice cream. This event will be accessible for all Reuben students to participate, whether your passion is academic or not, and we will be finalising and sending out more details across the term.

During the long vac...

Whilst we'll be doing fewer events than usual over the summer, we'll still be holding Reuben Explores sessions every other Monday, and there's also the AI for Good trip to Bletchley Park to look forward to, as well as the Hackathon and Datathon - see the AI for Good programme for more information. We encourage you to take some time off from your studies to enjoy the summer, as and when your deadlines allow.

Oxford and Oxfordshire are fantastic places to explore during the warmer months. A few suggestions of things to look forward to:

Punting

Try your hand at one of Oxford's most iconic leisure activities, punting! What could be better than spending a lazy afternoon in the sun gliding along the river with a glass of Pimms and good company? (Well, maybe sitting on the banks of Christ Church Meadows watching other people attempt to punt...)

We're working on logistics for a College punt, but in the meantime, [find out where to rent one and read a few tips on Daily Info.](#)

Exploring the Cotswolds

Oxford is on the edge of the Cotswolds, a beautiful countryside area scattered with picturesque villages and country pubs. Head over to Blenheim Palace in Woodstock via bus, or get the train to Moreton-on-the-Marsh, and enjoy some of Britain's rural areas. [Find out more here.](#)

Explore Oxford's green spaces

If you're in need of a break from essays and deadlines but don't quite have the time to make it out of the city, you're in luck - Oxford is full of green spaces to unwind in.

- Port Meadow is vast and beautiful, and has a lovely walk through to The Perch in Binsley, but you'll need to book a table if you want to eat there!
- The Thames Valley path down the river - walk all the way down to Abingdon, or have a smaller trek and stop off at the Isis Farmhouse.
- Shotover Country Park, to the east of the city, is more of a woodland, and has several different walking paths to explore.
